Prints on both sides

## Compact Monochrome Laser Printer with Automatic Double-sided Printing and Wired Networking

The HL-2250DN is the ideal monochrome laser printer for your home or small office and can be shared among several users on your existing network. You will like the way it saves you time and money with fast, high-quality printing and low running costs.

- Fast printing at up to 26 pages per minute (ppm)
- Save paper with automatic double-sided printing
- Share the HL-2250DN within your existing network to increase efficiency in the office
- Excellent document quality thanks to high print resolution
- High-yield toner is available to save you money
- Low maintenance: large paper tray and manual feed slot to easily print on envelopes

**Reduce paper usage with double-sided printing**

With the automatic double-sided printing, you can save on paper and reduce paper usage in your office by printing on both sides.

**Increase productivity with high print speed**

With a fast print speed of 26 pages per minute, the HL-2250DN will enable you to produce professional documents in no time. You will get sharp, crisp text and accurate reproduction of even the finest details on the page thanks to its high print resolution. Connect and share easily the wired capable HL-2250DN with multiple users that will also help you reduce clutter in your office.

**Keep costs low**

Use less paper in your office by printing it on both sides. With the HL-2250DN you get a choice of standard and high yield toner to perfectly match how much you print and save money. The bundled drum prints up to 12,000 pages before replacement is required. All Brother supplies, including the drum, can be replaced individually, saving you money as you only pay for what you have used.

**Environmentally-friendly**

The HL-2250DN's Energy Star certified energy efficiency means a reduced energy bill for you.
