# DocuPrint P225 d/db M225 dw / M225 z A4 Monochrome Printers

Delivering performance and productivity  
with clever connectivity

# Powerful, efficient performers

The Fuji Xerox DocuPrint P225 d / M225 dw / M225 z are the perfect solution for personal use or small workgroups requiring high quality, efficient monochrome printing together with flexible connectivity capabilities.

## Performance and reliability

- **Speed and quality.** With a print resolution of up to 2400 x 600 dpi and printing speeds of 26 ppm across the 225 Series, they deliver quality print results fast.
- **All-in-one functionality.** Multifunction models allow you to print, copy, scan and fax\* in an efficient, low cost device giving you maximum productivity.
- **Clever features for reliable operation.** Fuji Xerox is renowned for reliable printing. The DocuPrint P225 d / M225 dw / M225 z are no exception – with simple engineering and clever new ideas designed for trouble-free printing.

\*Only available on DocuPrint M225 z

## Affordable, efficient printing

- **Low cost hardware is only half of the story.** Thanks to the separate toner and drum cartridge, you will only ever have to replace one component at a time. This results in maximum use of each component, longer operating times and cost savings.
- **Save toner – save cost.** Toner save mode extends the life of the toner cartridge by varying the density of toner that is printed on a page.
- **Use less paper and toner.** The built in N-UP print feature gives users the ability to save on paper and toner by printing multiple pages on a single sheet of paper. This also reduces the overall cost of printing.

## Easily connect and print via your iOS or Android devices

### AirPrint and Google Cloud Print Ready

AirPrint™ and Google Cloud Print™ enables you to print directly from your mobile device without the need to download mobile apps or to install print drivers.

### Wi-Fi Direct

The DocuPrint M225 dw / M225 z are Wi-Fi Direct™ certified, allowing devices to connect and print easily without requiring a wireless access point.

### Print Utility

Whether it's an iOS or Android device, the Fuji Xerox Print Utility puts mobile printing at your fingertips. Print stored photo albums, web pages or shoot and print on the go from your iOS or Android device.

**Fuji Xerox Print Utility** can be easily downloaded from the App Store for iOS and Play Store for Android devices.

**Print from anywhere** Google Cloud Print allows you to connect your printers to the web, so you can make your home and work printers available to you from the applications you use every day, from wherever you are.

### Clever ID Card Copying\*

The easy-to-use ID card copy feature allows you to copy both sides of the card onto the same side of the paper. Simply place an ID card both face up & down on the copier surface, pressing the start button each time. There is no need to change the position of the cards when copying the other side, as the feature automatically adjusts this for you.
